About Me

I am a passionate **Python Full Stack Developer** with strong foundations in **Python, SQL, HTML, CSS, and JavaScript**. I enjoy solving problems, building projects, and continuously learning new technologies. My goal is to leverage my technical skills to create efficient and scalable solutions while growing as a software developer.

Education

Government High School, Kothangudi	2018 – 2020
10th, Percentage: 72%	
St. Xavier Higher Secondary School, Neermulai	2020 – 2022
12th, Percentage: 62%	
Thiru.Vi.Ka.Government Arts and Science Collage, kidarangondan	2022 – 2025
B.Sc Computer Science	
collage, Percentage: 80%	

Skills

Languages: Python, SQL, JavaScript

Web: HTML, CSS

Tools: Git, VS Code, MySQL

Projects

Portfolio Website - I developed a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and certifications. The website is fully responsive, ensuring a smooth experience on both desktop devices. It includes sections such as About Me, Skills, Projects, and Contact, with interactive navigation and a clean, professional design that highlights my work effectively.

Student Database Management System - I created a student database management system using Python and MySQL to handle student records efficiently. The project included implementing CRUD operations (Create, Read, Update, Delete) for managing data and building a simple user interface in Python for easy data entry and retrieval. This system automated record-keeping, reduced manual errors, and provided me with strong practical experience in backend development and database handling.

Certifications

Python Programming - GUVI (ISO 9001-27001 Certified)

English Junior Typist
